- 4.1 This Easement shall remain in effect so long as required by Grantee for Roadway or Public Utility purposes. The Easement shall be subject to termination or expiration as follows:

- 4.1.1 Abandonment: In the event the Easement Area is not used for Roadway or Public Utility purposes for a period of twelve (12) consecutive months and Grantor serves upon Grantee a written notice alleging such non-use. The foregoing shall be subject, however, to reasonable seasonal accommodations for any physical work to the Roadway or Public Utilities required to cure a breach.

Prior to any construction, maintenance or removal of the Roadway or Public Utilities, Grantee shall be responsible for determining the location and existence of any pipes, wires, conduits, sewers, piling or other obstructions to the construction of the Roadway. 5.2.5 The above policies of insurance shall further be subject to the following:

5.2.5.1 The coverage limits of the foregoing policies shall be initially as shown in brackets, but such amounts shall after one year from the date hereof be such amounts as Grantor reasonably deems standard for work in close proximity to railroad operations.

5.2.5.2 Each such insurance policy shall name the Grantor as an additional Insured. Prior to commencement of any work upon the Easement Area, the Grantor must receive and approve a certificate or certificates of insurance for each such insurance policy stating that such coverage will not be canceled or materially changed without ten (10) days written notice being given to the Grantor. The certificate for the Commercial General Liability Policy of insurance shall include the following endorsement:

"It is agreed that the policy or policies of insurance evidenced by this certificate covers the liability assumed by the insured in connection with work to be performed in connection with the Roadway as set forth in the easement grant dated April 5, 2019 by Soo Line Railroad Company to the State of Wisconsin, including work upon railroad property, within railroad right of way and in close proximity of operating railroad tracks."

If Grantee fails to make such repairs within a reasonable period, Grantor shall have the right, at its election, to make these emergency repairs to the Roadway and in such event Grantee, upon bills being rendered therefor, will promptly reimburse Grantor for all reasonable expenses incurred in connection therewith.

5.3 Roadway work by Grantor: Unless Grantee is notified to the contrary, on a case-by-case basis, Grantor shall construct, maintain and remove that part of the Roadway within the Track Zones at Grantee's expense; provided, that Grantor's expense shall in all circumstances be reasonable and customary in the railroad industry for the type of work undertaken. Grantee shall, upon receipt of an invoice therefor, pay Grantor for all costs and expenses incurred by Grantor in connection with:

5.3.1 The construction, maintenance or renewal of improvements necessary for rail bed, tracks, flanger signs, drainage, and road surface;

5.3.2 Flagging services as may be required by Grantor;
